NATIONAL SECRETARY IN EXILE

REGION 1 ALTERNATE

Alex Flores, as Region 1 Alternate, provided an update on the items of concern that were reported to him last meeting. The items being discussed on the secret LNC list are at least now being partially disclosed (the subject lines are being disclosed on the public list along with rationale). Ms. Harlos expressed her disappointment at the action of the LNC in cancelling their monthly meetings which was the easiest and best way for membership to be more directly involved with the LNC. Mr. Flores did not vote on that motion as the Regional Representative Chris Luchini took the vote, but he expressed agreement with the sentiments of Ms. Harlos. Ms. Harlos asked for Mr. Flores to request this item be considered afresh at the next LNC meeting. A follow-up email on this request was sent on November 29, 2021, by Ms. Harlos.

NEW BUSINESS WITH PREVIOUS NOTICE

POTENTIAL LUCHINI CENSURE

WITHOUT OBJECTION, Mr. Lutz moved the following proposed censure of Region 1 Representative Chris Luchini:

WHEREAS..... The obligation of a Regional Representative is to represent the views of the members of the Region to the Libertarian National Committee;

WHEREAS..... Mr. Chris Luchini has on multiple occasions failed to represent the expressed views of the Libertarian Party of Colorado;

WHEREAS.... Mr. Chris Luchini has taken positions on controversial LNC items without consulting the Chair of Colorado or made their objection to his opinion known;

WHEREAS... Mr. Chris Luchini both led the argument against the suspended LNC Secretary at the recent Judicial Committee hearing without consulting the LPCO or the rest of the region, misrepresented the facts in his opening statement about the suspended LNC Secretary's efforts to spur the LNC to action against the COVID regime, and then proceed to vote twice against a reasonable compromise which have been in the best interest of the Party without consulting the LPCO or the rest of the region;

BE IT RESOLVED... The Libertarian Party of Colorado does censure Mr. Chris Luchini the Region 1 Representative for failing to adequately represent the LPCO as a member of his region to the LNC and failing to consult the region on important matters and encourages other Region 1 states to do likewise.

[20211108-04]

The Secretary was instructed to send this to Mr. Luchini, Mr. Flores, and Ken Moellman for publication on the LNC list.

NATIONAL CODE OF CONDUCT CONCERNS

Ms. Harlos warned the Board of the potential for National to be enforcing the affiliates to adopt the national "harassment" policy that exists in the Policy Manual that has never previously been enforced. To the best of her knowledge, Colorado has not signed anything so far that says we agree to this, but an argument can be made that since it is published in the national policy manual that we have implicitly agreed.

Ms. Harlos moved that the Party Chair be directed to proactively and explicitly instruct the LNC that the LPCO will not agree to any adoption of that national policy.

In debate, the Board felt this was premature, and we should wait until an actual enforcement occurs. Ms. Harlos explained her intent was to provoke a motion from the LNC to delete the provision so that no future confrontation is ever necessary.

WITHOUT OBJECTION, Mr. Burroughs moved to postpone this item until the next meeting.

STANDING RULES/SPECIAL RULES OF ORDER AMENDMENTS

Continuity Binders

Ms. Harlos moved the following motion as suggested by Mr. Aitken as follows:

Amend the LPCO Standing Rules and Special Rules of Order to include the following new rule: Candidates for all Board of Directors positions shall be provided a copy of the continuity binder for that position when they notify a Board member that they are interested in filing that position. Copies of the continuity binders shall be made available at the state convention for candidates for all board positions. [20211108-05]

WITHOUT OBJECTION, Mr. Burroughs moved to amend to strike “when they notify a board member” and insert “when the Secretary is notified.”

The main motion, as amended, **PASSED WITHOUT OBJECTION.** [20211108-05]

SHOPIFY STORE

WITHOUT OBJECTION, Mr. Kane moved to allot \$30 per month for a Shopify storefront. [20211108-06]

50TH LP ANNIVERSARY EVENT AT ELKS CLUB

Mr. Kane moved to allocate \$550.00 to rent the Elk’s Club for a 50th Anniversary of the LP Party to take place on December 11, 2021. [20211108-07]

A roll call vote was conducted on the motion with the following results:

Email Motions Since Last Report:

Motion #: 20211015-01

Email Ballot

Motion: Move that we adopt the following as our recommendation:

Amendment 78 (Constitution and Statutory)

What it does: Amends the state constitution to require that custodial moneys that get awarded to the state government (like from the CARES Act, transportation funding, grants, gifts, state government lawsuits, etc.) are subject to the same appropriations legislation as all other state revenues. Matching CRS amendments. Creates a custodial fund parallel to the general fund to hold those funds, with earnings on those funds going into the general fund. Exempts the custodial funds from TABOR limits.

Recommendation: NO.

Reason: These custodial funds are currently outside the legislative process and therefore available at the discretion of the executive branch to be spent how they see fit without oversight, which is a recipe for corruption and patronage. However, the parallel custodial funds would be exempt from TABOR, which opens a different door for possible corruption by laundering general revenue funds into custodial fund accounts to get around TABOR requirements. Currently, custodial funds are not exempt from TABOR restrictions, but they aren't subject to legislative oversight, either. The net result of this proposal is a bait-and-switch: the bait is alleged transparency for custodial funds, with the switch being the opening of a major TABOR loophole that nobody is talking about. Given that the loophole is a cure worse than the disease, a NO vote is recommended. At least with the current system, the corruption is limited.

Motion #: 20211015-02

Motion: Move that we adopt the following as our recommendation:

Proposition 119 (Statutory)

What it does: Increases sales taxes by 5% on cannabis sales to create and fund out-of-school tutoring and enrichment courses. Establishes a new state agency, the "Colorado Learning Authority" to implement it all. Also shifts some funds from existing education funds, including custodial funds, exempt from TABOR limits, equivalent to the same amount transferred to the state public school fund.

Recommendation: NO.

Reason: Increasing sales taxes is never a good idea in the first place, especially on vices like cannabis as they never produce the projected revenues as people cut back due to increased expenses. But this proposition is a hot mess, creating more government and shifting funds away from the current public school funding scheme into these tutoring and enrichment programs. Frankly, if there's a need for tutoring, then why not address that in the schools by addressing why these kids need tutors in the first place—the failure of the schools to educate the kids? As for enrichment programs, that's so broad and vague as to be nonsensical. How this would interact with Amendment 78 if it passes regarding custodial funds is also an unknown. The TABOR exemption already exists on cannabis sales taxes (a different mistake, but it's there). This is a bad solution to a problem. Rather than increase taxes on cannabis, the focus should be on effectively educating the kids.

Motion #: 20211015-03 Email Ballot

Motion: Move that we adopt the following as our recommendation:

Proposition 120 (Statutory)

What it does: According to the Blue Book, lowers the property tax assessment rates for multifamily housing and lodging properties only, not residential properties. For multifamily properties, the rate of 7.15% for 2021 would drop to 6.5% for 2022-23, but it was already slated to drop to 6.8% for 2020-23. For lodging properties, the rate of 29% drops to 26.4% for 2022-23, and there was no change slated for 2022-23. Allows for a TABOR exemption if the funds up to \$25M are used to fund existing property tax exemptions such as the homestead property tax exemption. Lodging properties do not include AirBnB arrangements.

HOWEVER, what the actual text of the measure says is different and far simpler. Hence the confusion. The text of the measure says that the tax rate for lodging properties is lowered permanently from 29% to 26.4%, and residential property tax rates are lowered permanently from 7.15% to 6.5%. When in doubt, text of the measure, actual proposed law, trumps Blue Book interpretation.

Recommendation: YES, but an explanation is important.

Reason: SB 21-293 was an attempt to shortcut the original proposition by lowering property tax assessment rates for residential, agricultural, and renewable energy properties for 2022-23, but increases them back to 2021 levels for 2024. The effect of SB21-293 was to lower property tax assessment rates for 2022-23 only, including residential rates from 7.15% to 6.95% for 2022-23, after which they would increase back to 2021 levels as well. This proposition, according to the Blue Book then "picks up the slack" the legislature induced by adding the same permanent tax reductions to the two property classes the legislature created and didn't reduce rates for. At least that's how the Blue Book presents it. If this were actually the case, a YES vote would be recommended for reducing the property taxes on that subset of taxpayers.

The reality is that the proposal does what the text of the measure says it does: lowers property taxes on both residential properties and most commercial properties. For that reason alone, regardless of the confusion, a YES vote is recommended even more so since the scope of tax reduction is even greater.

Motion: Allocate \$496.70, and any additional tax, processing, or fees up to a total of \$525; to send 917 mailers to colorado libertarians with lapsed national memberships.					
We took the initiative to workshop this over the weekend after discussing Friday night. We sought input and had contributions from 5 members.					
This will be the final design, we will not be amending it because 1) we need to order these ASAP, like before EOD tomorrow, otherwise some may not make it before the 30th; 2) we have already argued and iterated multiple times; and 3) initiative should be recognized and honored; and 4) most people suck at graphic design and copy; and 5) design by committee kills products and people; and 6) the results will be measurable and accountable.

APPENDIX E – AFFILIATE'S REPORT

Affiliates Director Report for November, 2021

The Affiliate Development Director shall develop and support affiliates and development groups, and guide development groups towards official affiliate status. The Affiliate Development Director may establish and manage committees (including the appointment of any committee chairs) to perform these functions.

Attended Arapahappy hour.

Attended Jefferson County meetup.

Attended Douglas County Convention. Only 3 members in attendance, so they decided to reschedule to January.

Spoke with Outreach Director about plans to hold events in unaffiliated areas to kickstart development groups starting with Northeast Colorado.

Received message from Larimer contact that his NDA didn't seem to work. Sent message back that I would follow up with database manager. Sent email to database manager to ask him to give access to Larimer as well as Weld contact. Received response that Larimer contact never filled out NDA and he would resend NDA link.

Respectfully Submitted,

We're not saying everyone should withdraw and deposit \$620 every single day if they want to monitor \$600+ transactions for everyone... we're just saying it might make them rethink things if we all did it.

Database Manager Report for November, 2021

Who is or should be responsible for collecting and organizing information about ballot initiatives? Legislative? We did not publish anything on the website this year because the effort was disorganized. 1) There appeared to be no resolution to our position on Amendment 78; 2) Adams County was the only county to respond to my 2 requests for local issue positions on 9/15 and 10/1 (approximately), and, because Adams County is a Development Group, the chair needed to approve those positions and he did not respond to the request to approve them; 3) These ballot issues need to be finalized by 10/15 because that's when people start receiving their mail-in ballots. Suggestions: 1) the Legislative Director needs to write a procedure to handle this and post it in his Continuity Binder so that next year this might get done on time; 2) the Secretary should report 10/15 as the date most campaigning should be done because ballots are being received by voters on or near that date.

See following time report.

We pay \$90 per month to the LNC for 3 hours of priority support per month for the CRM.

We pay \$20 per month to Sparkpost for CRM email services to cover statewide emails. This cost is recorded as an In-Kind donation by the Database Manager.

We have a \$200 credit with MailChimp for email services in lieu of maintaining our account for \$10 per month.

2021-11 AFFILIATES - Affiliate Rep / Mesa County Report

https://lpedia.org/wiki/Index_of_Colorado_Libertarian_Party_Bylaws,
Bylaws Article V, Section 1

Per the 2021 Bylaws, the following is the controlling language for my position:

Article V, Section 1. Affiliates

d) Each affiliate so chartered shall declare, for the purposes of liaison between the Party and the chartered affiliate, an Affiliate Representative.

e) Affiliates shall make known to the Board the Affiliate Representative to whom all Party business shall be directed. The Affiliate Representative shall be a Member.

Since the July meeting at which I last filed a Mesa County report, the Mesa County Libertarian Party (MCLP) has remained very busy!

In October, we sponsored a Candidate Forum for the District 51 school board races. We had a great time with it and learned a lot about how to put these kind of events together.

We held the Forum ****IN PERSON**** at the Grand Junction Public Library's larger meeting room, and the space was well-used -- about 50 people attended, plus all of the candidates. Unfortunately no media representatives chose to cover our event. Interestingly, the media did cover the Democrats' Zoom debate which happened within a couple of weeks of ours.

Our Secretary, Robert Ballard, served as the timekeeper/moderator, and our chairman JB Phillips welcomed the audience in a friendly get-to-know-you style.

Photos herein (see end of this report) were taken as we were about to start, just before we lined up.

Other Activities

- 1) **We now have one candidate lined up to run for public office in 2022; perhaps two. We will be working hard to fill the slate with Libertarians!**

- 2) **The Third Wednesday Socials** -- will continue for at least the remainder of the fall. Until stated otherwise, they will be held at Old Chicago Pizza and Taproom on North Avenue in Grand Junction. Our guests should remember there are some bargains during Old Chicago's Happy Hour, and it's fine for them to come a bit early for those. The rest of us normally arrive at 6 pm. [Link to the restaurant is here.](#)
- 3) Other plans in the works -- more soon!
