

A Message to the Delegates:

We, the undersigned libertarians, have been active in the Ohio Libertarian Party. Some of us have been business Partners with Kay Harroff, while others were active in the Harroff For Senate Committee. Over the last few years we have gotten to know Kay Harroff quite well.

Some of us were officers in the Ohio Libertarian Party while others still are. We are all deeply concerned about the future of the National Libertarian Party and the ideas represented by the party. We wish to see the Libertarian Party grow and prosper. We wish that the Libertarian Party of Ohio would grow and prosper but, unfortunately, during the past year it hasn't.

Since the presidential nominee will become the primary spokesman for libertarianism during the 1976 presidential election the Libertarian Party needs the most responsible, competent candidate possible. For this reason we urge the nomination of Roger Lee MacBride as the Libertarian Party's presidential candidate.
