

TED BROWN ESCORTED OFF STAGE BY THE POLICE

By Mark Hilgenberg, Secretary, LP of San Fernando Valley

Several Libertarians attended a candidate forum (9/15) sponsored by the Regional Coalition of Government Review Councils in La Canada Flintridge. Congressional candidate Ted Brown and the other Libertarian candidates for Assembly and State Senate were excluded from the debate/forum.

and walked on stage with them, shaking their hands. Then he went to the moderator to tell her who he was and then introduced himself on her mike. Then he walked to the main mike, but they shut the sound off. Two police officers came to the front to get Ted off stage. He walked down the steps to the police, and they led him out the door.

Ted joined us out front, and we stood with our signs. As people were leaving, we thanked them for coming and introduced them

Luckily we had Irv Rubin coaching us on how to make some noise and get some press coverage. We shouted "Where are the Libertarian candidates, let the Libertarians speak!" as the other candidates were going on stage. Irv was quickly escorted outside to the sidewalk. (It was on private property, darn.)

Several of us stayed on the sidewalk and with Irv on the megaphone began chanting "Let Ted Brown speak, give Ted two minutes", etc. Ted had stayed inside with several other Libertarian supporters. Due to the overflow crowd they had to setup speakers outside in the courtyard for other people to listen, and they just happened to be about 50 feet from us. Needless to say they were very annoyed by us, but we also yelled that we would shutup if Ted was allowed two minutes, just go tell the organizers to let him speak.

Several of the coalition's members expressed sympathy for us and were upset that we were excluded and we made some good contacts for future candidate events. Even one of the police officers was very friendly and supportive of us.

Finally it was time for the candidates in Ted's race to speak, so several of us went to the door to try and get in, but we could only stand in the back. As the candidates were making their way on stage, Ted stood up

Lots of photos of inside and outside the hall at <http://home.earthlink.net/~bignothing/tedbrown/tedbrownhome.htm>

to the censored candidate Ted Brown. Many people stopped to talk with Ted or just to give him a word of encouragement. At this time the Channel 9 news was doing a live remote about 20 feet from us, so we chanted the whole time and they turned the camera on us for a bit. Ted was also interviewed by several newspaper reporters, including the *Los Angeles Times*.

Thanks go to the Orange County contingent Chair Bill Todd, Vice Chair Doug Scribner, Paul Marsden and Candidate Paul Studier, plus Central LA Chair Mark Selzer and Vice Chair Jason Heath, plus Joe Miranda from San Fernando Valley. Special thanks to Irv Rubin. We were also joined by several high school students who could not believe we were not allowed to speak. ■

LETTERS TO THE EDITOR

LIBERTARIANS SHOULD PROTECT KIDS

You commonly use the feature "Politics As Usual" to alert Libertarians to laws being enforced that they should protest. You have made an astounding error in this regard in the September issue.

Here you indicate that my LP is in favor of children having easy access outside their homes to coin-operated video games that feature graphic violence and sexual content. I fail to understand how my LP can be so disdainful of the safety of children, and yet at the same time hope parents will vote for its candidates. When will my LP discontinue this obviously self-destructive behavior?

Patrick Groff, PatrickGroff@aol.com

GREEDY GRABBERS

The San Diego city council voted unanimously to increase their own pensions despite three Libertarians (David Oakey, Richard Rider, Ed Teyssier) who testified against this flagrant abuse of public trust. Other Libertarians also attended.

To the Editor:

I'm obviously in the wrong business! I should have run for Mayor instead of traveling around the world working for all these damned Internet start-ups with their stupid option programs. I only stand a one in a hundred chance of getting a decent payoff, while these incompetent/corrupt fools get a hefty chunk of change for their work on behalf of the local oligarchs. As soon as they're out of office, they'll all get comfy front-office jobs with the Padres and Chargers in exchange for using the political contacts they gained at our considerable expense. It gives me a headache just thinking about it.

Fred Williams, Fred@xpedio.com

BUSH/GORE SATIRE ONLINE

I created an animated political ad, and want to spread it far and wide. It's a talking morph of Bush and Gore, called BORE 2000. Just go to <http://www.toweyforcongress.org> and follow the links to BORE 2000.

CONSTITUTION DAY IS HONORED

The day was bright and cloudless—a perfect day for the annual Constitution Day Parade in Nevada City, CA on September 10th. We plastered the truck with Harry Browne, Gail Lightfoot, Jon Petersen, Bill Thomason, and Charles Martin signs along with American flags and some bunting, and were ready to go.

Bob Burke was our driver (as usual) and the crowds by the parade route were very supportive. The most common yell was "Give 'em hell, Harry."

When we got to the reviewing stand, our Libertarian Party of Nevada County's media statement was read to the crowd:

The Constitution of the United States of America places limits on federal powers, delegating most governmental activities to the states or the people. Libertarians are actively working to restore the constitutional balance and re-establish personal sovereignty for all.

Overall, it was a great day for all of us. Being in a parade is fun and educational for both the bystanders and the parade entrants. We will certainly continue to be participants whenever an opportunity arises or is created.

Jon Petersen, Candidate for State Senate District 1

Marianne and Jon Petersen campaigned in the Constitution Day parade.

LIBERTARIAN PARTY UPDATE

MARK HINKLE

From the Chair:

We, as a Party, set two main internal goals this year:

1. Increase our dues-paying membership to 7,000
2. Increase our monthly pledge base to \$6,000 per month.

Goal 1: The latest membership numbers I have are from August 31st (6,246) and they're an improvement over the 6174 members we had in July. As I predicted last month, Operation Breakthrough (OB) helped reverse our slight decline. On behalf of the new OB

donors, we're submitting their names for membership. Over 500 people pledged more than \$20,000. Thank you!

Goal 2: The monthly pledge total is \$4,672.15 coming from 223 individuals. This is unchanged from last month.

As you know, our newsletter, LPC Monthly, is published on our website every month, but it's not always printed. The LPC Executive Committee and I want to return to a monthly printed edition very soon. The key issue is the cost. The LPC's share from a \$25 membership is \$4.80 per year. That doesn't come close to covering the cost of LPC Monthly if printed each month. Through August, our membership income is \$30,780, yet our expenses for the newsletter are \$27,866. And, that includes two issues that were not printed. We're averaging \$3,483 cost per printed issue this year. While this total cost for each issue is high, the cost per newsletter is quite reasonable. We are able to print, label, and mail a newsletter for under 50¢ – less than first-class postage (55¢) for a 12 page newsletter. We appreciate our advertisers who help subsidize the newsletter.

If you want the newsletter printed each and every month, please sign up for the pledge program via the fund raising letter you recently received. It's the one touting the success of Operation Breakthrough.

Operation Breakthrough was funded solely by major donors to the LPC. Now that we've proven that it's a success, we hope that members with more modest incomes will be willing to pledge \$10 to \$30 per month to make OB a continuing success story. It's up to you.

If you're able, please join our monthly credit card pledge program or make a one-time donation. Help us elect Libertarians to office this year! Think of the monthly pledge program as a Freedom 401/K plan, i.e. an investment in your future freedom and the freedom of the country.

Your participation and contributions fuel our successes.

Yours in liberty, Mark W. A. Hinkle

DOG-GONE DRUGS!

Drug-sniffing dogs have become a fixture at many public schools nationwide as districts look for additional ways to deter the use of illegal substances. In California, such programs have been instituted in some schools in Oceanside, Poway, El Cajon and Encinitas.

San Diego Union-Tribune, July 20, 2000

IT'S THE CHEESIEST!

The USDA released a proposed new 15-page regulation that would require the holes in Swiss cheese to be reduced from an average of eleven-sixteenths to three-eighths of an inch in diameter in order to qualify for a federal Grade A rating.

LP Press Release, August 29, 2000

SPORTS SUBSIDIES AIN'T CRICKET

Sports economists have convincingly demonstrated that public sports facilities – and highly subsidized "private" ones – merely redistribute wealth away from taxpayers and local business and into the pockets of well-heeled team owners and athletes. In addition to the stadium and ticket taxes, sports fans spend money on tickets, hot-dogs, and parking that they would have spent on other local entertainment, such as movie tickets and restaurant meals.

The Lighthouse, March 29, 2000

WHAT'S GOOD FOR JUDGES...

A proposal to allow federal judges to carry concealed weapons nationwide (regardless of state laws) is part of the Federal Courts Improvement Act which passed the House on a voice vote. The idea was pushed by the U.S. Judicial Conference, and would allow about 2,000 federal judges and magistrates to conceal and carry any type of gun they wished. The conference states the law is needed because three federal judges have been killed this past century.

Cato Daily Dispatch, July 17, 2000

BUY A CAR, GET A FREE RIFLE

A Tennessee used car dealer is shooting back at anti-gun campaigns with a Saturday Special. Buy a car and get a free rifle. On what he has dubbed "Second Amendment Saturday" – buyers will receive a voucher redeemable for a used bolt action rifle at GunCraft Sports in nearby West Knoxville, Tennessee. Those redeeming the vouchers would have to comply with all government regulations.

CALIFORNIA UPDATES

Executive Director Update: **FOCUS ON COMING ELECTION!**

Works to support our 288 candidates

JUAN ROS

With Operation Breakthrough behind him, LPC Executive Director Juan Ros has shifted focus to the November elections — and the challenge of generating as much publicity as possible for the LP and its 288 candidates (305 candidates including those who ran earlier in the year).

Ros's strategy is to generate three or four news releases per week between now and the November election — an unusually high output. "The LP is better organized, better funded, and has more candidates than either the Green or

Reform Parties. It is our job to make sure the media is aware of these facts," Ros said.

(W)e'll fight to make sure our Libertarian candidates have their voices heard.

Ros has already started issuing a barrage of news releases recently, including:

- A release citing the reasons why the Reform Party will eventually collapse. "That release, issued during the height of the chaotic Reform Party Convention in Long Beach, demonstrated that a party built around an individual will never last as long as a party — like the LP — founded on solid principles," Ros explained.
- A release touting the LPC's massive candidate slate for the year, which resulted in a radio interview on Los Angeles's all-news KFWB-AM radio station.
- A release critical of a proposed bill that would force new gun buyers to obtain a license before being allowed to purchase a gun. State Chair Mark Hinkle's statements were picked up by several newspapers, including the *San Francisco Examiner*. The bill's author, Assemblyman Jack Scott (D-Pasadena), withdrew the bill under threat of a veto from Governor Gray Davis.
- A release announcing the six Libertarian candidates who already "won" their elections by default because not enough candidates filing for those offices (see LPC Monthly cover story, September 2000).
- A release warning the entertainment industry that the threat of government regulation is real. "I issued that one a day after the Federal Trade Commission's report was released criticizing Hollywood's marketing practices. I was immediately struck by the irony that an industry with such close ties to the Clinton-Gore administration would find itself in danger of facing government regulation under that same administration," Ros pointed out. "Libertarians need to reach out to the entertainment industry more aggressively and show them that only Libertarians want them to be free. It would be tragic if Hollywood suffers the same fate as the tobacco and gun industries."

In addition to increasing his output of news releases, Ros continued

Northern Region Vice Chair: **FRESNO HOSTS CONFERENCE**

The 2000 Conference of Regional Parties of the LPC took place on August 26-27 in Fresno. The annual conference is dedicated to sharing information about local activism, elections, fund-raising, infrastructure, membership, and outreach. Eighteen persons representing fourteen regions attended this year's conference, participating in the Saturday seminars and the Sunday meeting.

Sandi Webb presented the attendees a resource guide to the Internet tools that she used to conduct the Recall Quackenbush campaign. JR Graham described different types and uses of political action committees recognized by law and how to use these PACs for local organizing. Mark Selzer showed us videotapes of several editions of his Libertarian Alternative show for local cable television and talked about their production and distribution. Joe Dehn explained the ins and outs of his newest version of the LPC membership and registration lists.

In the Sunday meeting, the attendees discussed Operation Breakthrough, and where to go with it for the autumn campaign and for future campaigns. The regional activists present seemed to be generally pleased with the results of the project, with hopes from some that the regional parties will be more involved in the future. There was then a round-the-table discussion where each attendee explained to the group what their region has been doing. A wide range of regional party activities were described.

Marshall Fritz, Fresno's greatest gift to liberty, joined us at our Saturday evening dinner gathering, where he announced the "Control of Education World Wide Survey", which he hopes will do for education what the "World's Smallest Political Quiz" did for political philosophy. He also joined us for what is becoming a tradition at the conference — the post-dinner gabfest under the stars (well, on the patio, anyway).

Carole Brow of San Joaquin summed up the intended result of the conference when she said, "I have pages of notes and a huge (overwhelming) to-do-list."

The original tapes of the 1999 and 2000 seminars will be sent to you for the asking, with the provision that they are returned within a month and that requesters pay for sending and returning shipments. E-mail me if you want to be on the receiving list, and let me know which year(s) you want to have delivered.

Hope to see you at the third annual conference in Fresno on 25-26 August 2001.

Rodney Austin, Northern Vice Chair

making media appearances, including taping one hour on conservative host Mark Isler's cable show "Saving the American Dream," which airs multiple times over some 15 cable systems in California. Among six panelists, Ros was the only Libertarian — which allowed him to present a unique point of view.

With just a few weeks to go before November 7, Ros expects his workload to get heavier. "We'll do whatever needs to get done, and we'll fight to make sure our Libertarian candidates have their voices heard. **This is going to be an exciting election!**"

EXECUTIVE COMMITTEE MEETING SUMMARY

LPC officers and reps meet September 16

The Executive Committee of the Libertarian Party of California met in San Jose on 16 September 2000.

A new “public comment” period was on the agenda as the first item, but there were no members of the “public” in attendance at that time. (LPC Executive Committee meetings have traditionally been open to observation by any member.)

The minutes of the July meeting were approved with minor corrections.

The Chair gave a brief report concentrating on fundraising. The Northern Vice Chair reported on progress in organizing regions, and on the regions conference held in August. The Southern Vice Chair reported on various recent demonstrations, including his own uninvited appearance at a forum for his Congressional race.

The Treasurer presented reports showing income and expenses through August and reviewed the various lines in comparison with the budget. There was discussion of numerous issues including the accounting for Operation Breakthrough activities, the treatment of “targeted” fundraising in general, the shortfall of revenue in the major donor category, prospects for additional telemarketing revenue, and the shifting of

Regional Representative

administrative expenses from a contractor to the office. Various expense lines in the budget were increased to reflect new projections of what would be needed for the remainder of the year. Several members of the Committee promised to help with major donor fundraising. The Treasurer also provided a followup report on the incident last year involving forged checks, for which we have now been completely reimbursed by

the bank.

The Executive Director presented a written report covering such topics as media, legislation, voter registration data, fundraising, and miscellaneous staff activities.

The Committee heard a presentation by Richard Winger on new proposals for open primaries.

There was a discussion of a concept for modifying the dues allocation to create incentives for membership retention; all the regions together would still get 60% of the money, but the regions which did best at retaining members would get more and the regions that did worse would get less.

There was discussion of the audit report for 1999. A policy requiring that the Treasurer’s

expenses be approved by the Chair was adopted.

The members of the committee appointed at the last meeting to look into “membership standards” reported that they had not yet reached a consensus on any recommendation.

There was discussion of the lack of a report on preparations for the 2001 convention. Jeff Sommer and Elizabeth Brierly were added to the Convention Oversight Committee.

A list of candidates for presidential elector was approved.

The Executive Director presented a report on Operation Breakthrough. There was brief discussion of ideas for applying this concept in future years.

The Committee voted to take a position opposing Proposition 34 relating to campaign finances.

A split of the Mono/Inyo region into a region for each county was approved.

The Committee heard a report on the situation in Arizona.

There was a discussion of concerns expressed by the U.S. Senate candidate, topics including where resources can be most effectively used, the role of candidates in activating members, and policies relating to use of the mailing list.

A proposal to increase the requirements for a region to be considered “active” was discussed but not adopted.

Other topics briefly discussed included: assessment and tracking of the progress of the regional organizations, combined newsletters for small regions, how Operations Committee and officer votes should be reported, translation of LP material into Spanish, and IRS reporting requirements for political organizations,

The next meeting is scheduled for 16 December in the Los Angeles area.

This is a summary of the meeting and is not intended to be relied upon as a complete record of business. ■

Reknown scientist Frank Drake spoke at the monthly meeting of the San Benito County Libertarians. Dr. Drake is shaking hands with Kate Woods, Chair of the SBCL. Directly behind Dr. Drake is the LPC Chair, Mark Hinkle.

IMPORTANT INFORMATION

LPC Monthly Online Option

Want to get the news from *LPC Monthly* sooner? Save trees? You can use two new services that let you turn your hardcopy subscription into an online one. First, an E-mail notification service lets you know when a new issue is available online. Second, if you no longer want to receive the hardcopy version you can ask for it not to be mailed.

Making your subscription an online one is simple. Just use the form that has been provided for this purpose on the LPC member services page at:

<http://www.ca.lp.org/lpc-member-services.html>

Fill in the information, including your E-mail address, and you'll start receiving a notice of each issue by E-mail instead of the hardcopy.

You also have the option of getting the online notice but still receiving the hardcopy. Simply subscribe to the LPC's announcement list by sending a message to

announce-request@ca.lp.org

with "subscribe" in the subject line.

Renewing Your Membership

Renewal notices are sent to members whose expiration date is coming up. Just return your dues payment in the accompanying envelope and your membership at the national, state, and local level will be renewed for one year.

Address Changes

Let the LP know if you move! Send your address change notice to the national office (or do it online at <http://www.ca.lp.org/lpc-member-services.html>). If you are moving out of state but want to continue as an LPC member or continue subscribing to *LPC Monthly*, please also notify the state office so we can make the necessary arrangements to keep you on our list.

Address Labels

The address label on your newsletter provides important information relating to your membership. On the line above your name, you will find a nine-digit number. Please mention this number in any correspondence relating to your membership. On the same line you will also find a two-digit number identifying the LPC region with which you are affiliated. See the listing above to find out the name of your region and who to contact for information about local activities.
