Unresolved Business

New Business

Mike Spallding: Call routing for Libertarian party. Possible Libertarian intern. Needs to do at least 100 hours. Maybe required to do something in the morning up until 10AM.

Jim Pirtle, running for senate in CD5 Colorado Springs. Running independent. Wants smaller government. Concerned about 2nd amendment rights. Losing rights due to smaller government. Website: <http://www.pirtleforuscongress.com> Owns own business. Agrees with about 80% of what he's read on the LP website. Might be contending with Jarrel Klaver in CD5. He is for the legalization of marijuana, but also for the increase in revenue through taxing marijuana. We hope to have a meeting in person with Jim soon.

Steve Gallant running for Golden city council. 1360 active voters in the city. No incumbent. Has more experience than other potential candidates. Feels that it is very 'winnable' Will hand out signs for those that are interested. Wants to do some phone blasts, walking door to door and sign waving. Please call Steve if you are interested in volunteering.

Mike moved we adjourn at 9:08 and it passed by acclaim.
Meeting adjourned 9:08 PM.
