**1982 STATEWIDE  
LIBERTARIAN CANDIDATES**

John Northrup	Governor
David Hoesly	Lt. Governor
William McMillen	Comptroller
Dolores Grande	Attorney General
James McKeown	U.S. Senate

Over the past 25 years, during Republican and Democratic administrations alike, taxes and spending in New York have increased by more than **one thousand percent**. Despite this ten fold increase in taxes, crime gets worse, cities decay, unemployment increases, standards of living decline at an alarming pace, and our schools turn out students who can't even read this paragraph.

As the *New York Times* wrote concerning this year's primary contenders, "It has been difficult to find substantial differences between the candidates . . . even between the two parties."

This year, President Reagan and the Republican controlled Senate passed the largest tax increase in American history. Whether the Democrats or Republicans are in power, taxes get higher, spending increases, social problems multiply, and big government gets even bigger. It gets bigger because Democrats and Republicans think of government as the solution — John Northrup and the Libertarian Party recognize that it is the problem!

This year **DON'T WASTE YOUR VOTE!!** It's time to say "**NO**" to the Democrats and Republicans. This year it's time to really make your vote count for a change — it's time for a new beginning!

In response to the problems faced by New Yorkers, John Northrup and the Libertarian Party will . . .

- Repeal the state personal income tax
- Repeal licensing of over 350 different occupations to reduce unemployment
- Repeal victimless crime laws and concentrate on **real** crime
- Provide tax credit for private school tuition payments
