LIBERTARIANS ENDORSE "NONE OF THE ABOVE" FOR COUNTY OFFICE

At its October meeting, the Nassau County Libertarian Club endorsed "None of the Above" for Nassau County office. Seeing no virtue in any of the candidates, the Libertarians urge the voters of Nassau County to write in "None of the Above" for every office on the ballot.

The Nassau Libertarian Club is a county organization of the Free Libertarian Party of New York, which, in turn, is affiliated with the national Libertarian Party. The national LP recently held its presidential nominating convention in New York City (Aug. 21 - Sept. 1st), nominating Roger Lea MacBride of Virginia for President and David Bergland of California for Vice-President in 1976.

The Libertarian Party will be running state and local candidates for office in 1976 along with the national ticket. In addition to running candidates, the Nassau Libertarian Club is seeking a way to get "None of the Above" officially on the ballot in Nassau County.
