Caryn Ann,

Think back to the moment that you knew that neither of the old parties represented you anymore. Remember how you felt.

You probably weren't sure where to turn next. You may have even felt a little bit lost in your political journey. And let's face it - *discovering the Libertarian Party was probably time consuming and not all that simple.*

Everybody has a different journey to the liberty movement, but once we're here we are energized and ready to make an impact. We've proven over the years that a small group of motivated people can do wonderful things.

Together,

- We've battled the war machine in Washington.
- We've fought against illegal government mandates.
- We've put our candidates on ballots in all 50 states.

**We've challenged the cult of the omnipotent state.** But there's so much more to do.

Think about that feeling of excitement you got when you discovered your new political home, and imagine what it would be like see a groundswell of support over the next year. While the two old parties are preparing for Tweedle-Dee and Tweedle-Dum to square off yet again in the "most important election of our lifetime", all we want is to reduce the burden of government in our day to day lives. **And we can do it.**

**Caryn Ann, here's where you come in.**

If your journey was like mine you probably hung out on the sidelines for a few years trying to determine if the Libertarian Party was right for you. *I'm here to tell you, we can't wait any longer.*

The delegate count for our 2024 National Convention in Washington DC is about to be calculated based on the membership **from your state**. Once the clock strikes midnight on October 31st all bets are off. In order to have the most delegates possible to represent your state's interests, *you need increase the membership levels in your state.*

We've made it easy for you to do that. If you're not a member, **you can become one now.** But what I really want to share with you today is that YOU have the ability to get your friends off the sidelines and into the action by registering them for a membership with the Libertarian Party.

### **Giving the gift of liberty is simple.**

Caryn Ann, I know we can count on you to get your friends off the sidelines and into the fray fighting beside you in the name of freedom. Don't let them linger any longer, wondering if it's the right thing for them to do. We know how great it feels to discover this movement, and we should share that experience with our friends.
