NATIONAL CONVENTION - As long as you have a few calendars out, how about a trip to Seattle in Feb. or March, 1988?

SETTING OUR SITES

As '86 campaigns near, we'd like to focus our efforts and resources on TWO local races, one of which is the house seat in District 6. Our aim is to WIN, not simply make a "good show" at the polls. We need your support; \$20,000 is our campaign fund goal. We have a serious candidate for one of these races who is analyzing strategies now. Please call Kate Barriteau (W-778-1404; H-830-1401) if you'd like to serve as a lineholder or candidate, and send your campaign contributions to the CLP office to make this a WINNING effort!

CONVENTION COMMITTEES FORMING

If you're presently a CLP member, you're eligible to serve on a committee to review Constitution, by-laws and platform. We need 10 people (2 committees of 5) to give approx. 12 hrs. of time during Jan., Feb., and March in preparation for the State Convention in May. Please call any board member to sign up or the CLP office, 753-6789.

NEED TO EXPRESS YOURSELF????

Word has come to the CLP that the Denver Post is in need of "Letters to the Editor." By responding to this need, you can become our "November Writer of the Month." We'll be glad to assist you in brainstorming, typing, mailing, etc. of a "Letter" or press release. Call Brenda Nilson at the office (753-6789) or Kate Barriteau.

WE'D LIKE TO HAVE YOUR CREATIVE IDEAS FOR TAX PROTEST DAY IN APRIL! This can be a major event for Libertarians. Please call any board member with your idea so that we can begin planning.

14 October, 1985

Dear CLP Member and Supporter:

Like you, I believe in the free market. I believe that supply and demand should dictate the production of any commodity. The commodity I would like to talk about here is the Colorado Libertarian Party.

The supply is barely adequate. We have an office and the necessary equipment to produce our excellent newspaper, newsletter, and keep in touch with our members. People interested in the Libertarian Party have a place to get more information.

The demand is the problem. The contributions and membership dues aren't paying the way for the minimum supply of CLP. Our average finances are shown below:

| The Supply | The Demand |
|----------------------------------|-----------------------------------|
| Rent.....\$219 / mo. | Membership dues.....\$155 / mo. |
| Telephone..... 99 / mo. | Pledges..... 230 / mo. |
| Insurance..... 29 / mo. | Misc. contributions..... 55 / mo. |
| Postage..... 69 / mo. | Total.....\$440 / mo. |
| Colorado Liberty..... 570 / qtr. | |
| Supplies..... 20 / mo. | |
| Total.....\$626 / mo. | |

In a free market, the supply will (in the long term) match the demand. We can't really decrease this basic supply without seriously damaging our credibility as a political organization. But that must happen, unless the demand increases.

If you care that the CLP survives, please make a monthly pledge. One-time contributions will help in the short run, but monthly pledges keep us from constantly struggling for existence. We have better things to do.

Hopefully, demand will someday exceed supply. The Libertarian Party will move forward only when that happens. If you are assuming that someone else will provide the demand, don't be surprised when the supply disappears. It will happen.

Sincerely,

Keane Richardson, CLP Finance Chair
