Caryn Ann, Join the Fight for Peace

In our ongoing quest for a world free of war and foreign policing, we are thrilled to unveil our latest addition to the Operation Warhawk Removal billboard campaign. This one takes aim at the Democratic Party, exposing the stark contrast between their **'Warhawks by Day'** actions and their **'Doves by Campaign Season'** rhetoric.

It's time to shine a light on the political maneuvering that has become all too common. This new billboard succinctly captures the Democratic Party's troubling trend: *talking peace during campaigns, only to reveal a penchant for military intervention once in power*. In fact, it seems the only thing that Republicans and Democrats can agree upon lately is their will to play the enforcer in foreign countries. ***This a call to action***, urging all Americans to question the sincerity of campaign promises and demand accountability from those who lead our nation.

We're excited about the impact this billboard can have on raising awareness and challenging the status quo. But we need your support to make it a reality across the nation. **For just \$100, you can sponsor a billboard for an entire month**, helping us spread the message far and wide.

Visit lp.org/owr and contribute to our Operation Warhawk Removal billboard campaign. Your donation will directly fund the placement of these billboards, allowing us to reach a broader audience and fuel the conversation about the need for a more peaceful and non-interventionist foreign policy.

As a valued supporter of the Libertarian Party, your commitment to liberty and peace is what makes our movement powerful. Join us in making a statement that challenges the status quo and demands accountability from those in power.
