- Where:** Online: Zoom

The meeting was called to order at 5:34pm Mountain time.

Records of Past Meetings: The minutes of the 2 April meeting were approved without objection.

Site Technical: Ed said based on a breakdown of the backup server costs that we can't save that much money unless we get rid of it entirely. James suggested looking into shared hosting as an option.

Featured Article: Marcus Reeder is now the featured article.

Gary Edward Johnson Videos: James talked with Art DiBianca and confirmed he still has these videos; he may or may not need help digitizing them.

Convention Memorial Committee: Lisa said she is working on an article about Mojo Nixon.

Video Uploading: Nathan Madden has asked that we provide a formal process for people to upload videos. Joe said it would be a good thing to encourage people to upload videos to us directly, in their original form, to some appropriate storage/holding facility. (Uploading them as LPedia files is not a good approach because they are too big. Uploading them to YouTube requires us to then download them for further use/storage, which involves both additional effort on our part and loss of quality.) It is not clear what type of uploading service would be most convenient for users. Ed will contact him to get input on that.
