\*James Libertarian Burns, Libertarian Party of Nevada Chair, has expressed a desire to propose amendments to the LPCC Constitution; however, Mr. Burns has refused to provide advance copies of his intended proposals. Since it would be contrary to *Robert's Rules of Order* (by which the LPCC and its conventions are governed) to allow presentation of proposals to amend the constitution without prior notice to the party membership of the nature of such proposals, Mr. Burn's proposals will not be allowed.
