T LIBERTARIAN PARTY OF COLORADO

11757 W Ken Caryl Ave, F124, Littleton, Colorado 80127-3719, Tel. (303) 837-9393

Agenda March, 2020

46367 reg libs as of 2/18/20 (active and inactive).

2360 new libs since last update in July 2019.

1839 former libs (left the party).

521 net increase or about 85 per month.

However, over the last year, 1/31/19 to 1/31/20, we lost 1355 (3.5%) active voters while the state gained 34157 active voters.

Our Inactive voters increased by 2312; these people did not vote in the last election and may be in the process of leaving the party.

Increases by County (people not in our database for any reason):

Adams	176
Arapahoe	214
Boulder	128
Broomfield	29
Denver	309
Douglas	149
El Paso	332
Jefferson	300
Larimer	192
Mesa	71
Pueblo	60
Weld	109
	2069

I suggest we ask the affiliates to fund a post card to these new Libertarians at a rate of \$.50 per new voter (e.g. Arapahoe contributes \$107 (214 X \$.50)).

The post card would 1) thank them for registering Libertarian;

2) tell them about our events page and facebook page;

and 3) encourage them to sign up for email notifications.

If an affiliate does not fund their share, those people will not receive a post card.
