LIBERTARIAN PARTY OF INDIANA

LIVE & LET LIVE

VOL. 1

NO. 2

GET OUT AND DO IT !!!

Because the upcoming general elections in Indiana feature the Secretary of State, it is possible for the LP to gain permanent ballot status by garnering $\frac{1}{2}$ of 1% of the vote for that office. That should not be too hard to do, but first we must get on the ballot this year. And that requires the signatures, you guessed it, of $\frac{1}{2}$ of 1% of the people voting for Secretary of State in the last election. On those figures, we need slightly over 8000 registered voters to sign our ballot petitions. Allowing for non-registered and otherwise no-good type people signing, we will need about 11,000 actual signatures.

Accomplishing this goal will not be easy. But Tim Debaun, recently appointed by the State Committee to head the drive, hopes to have enough signatures, valid signatures that is, to push us over the top and onto the ballot by the last of June. That way, the Libertarian Party candidates can spend the time from June to November campaigning and spreading the good word rather than worrying about ballot status.

We are looking forward to getting signatures in every way we can think of, including but not limited to: booths in shopping centers, at county fairs and special events, on the streets, door-to-door and at student registrations. We also plan to pass out lots of literature at these places and let as many people as we possibly can hear the libertarian message.

To do all of this is going to require a lot of hard work by libertarians all over the state and a lot of money in the form of contributions to keep us going and pay for printing and other expenses.

BANG, BANG! FREEDOMS DEAD!

The NRA (National Rifle Asso.) has issued a legislative alert on proposed regulations to get sales and transfer records of all firearms in the US on to the computer at the Treasury. This proposal, (BATF rule change proposal to 27 CFR parts 47, 178 & 179) is clearly an invasion of privacy and interferes with our right to keep and bear arms. Mark your comment on this piece of obsenity as "For the Record" and mail before May 15th to: Director, Bureau of Alcohol, Tobacco and Firearms, Washington, DC 20226 ATTN: Regulations and Procedures Be sure to send 2 copies.

TAX PROTEST A SUCCESS

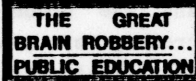

On April the Seventeenth Day
The Libertarians had their say
At the Central Post Office
We were so obnoxious
That they wanted to chase us away

But they didn't, and as anyone who was there can tell you the LP had a very lively tax protest. Signs such as "Honk if you hate taxes" and " IRS: It really steals" abounded and the local media people turned out in force. Dave Haxton was on the air with WTHR and Paul Hyatt had an eloquent 30 seconds with WRTV. And Schaun Rising-Moore was on the obit page of the Star

TAXES (CONTINUED)

as he "mourned" the payment of federal income taxes for 1978.

All in all hundreds of leaflets were distributed and a lot of people got the LP message as they laid on the horns in front of the post office April 17th.

MEETINGS & NEWS

There will be a general State LP meeting on Friday June 2nd at 8pm in the Mid-town Ramada in Indy. This will be an organizational meeting for our next event: the CONVENTION! That's right, July 8th at the same Mid-town Ramada from 9am 'til who knows? Our first convention, with workshops, including a public speaking course and a feature address at the evening banquet by Chris Hocker. And on Monday the 10th the campaign will officially kick off with our candidates tossing their hats in the ring.

More details will be in the June issue of the Quill but for advance registrations fill out and mail the form on page four of this Quill. See you there, and don't miss out on the planning either. Catch you on the 2nd, too.

Who are Libertarians?? " People who know that overspending by the government is the engine of inflation." Bob Thayer

Two such people are John Matonis and Barb Hutchinson, who will be holding a tax workshop in Indy in November, sponsored by the Libertarian Symposium.

Nationally known attorney Matonis has been using the system for years to defend the rights of the individual against the State, and is now teaching the individual to defend himself

NOTES::: Enclosed in this issue of the Quill, you will find a LPI membership application. We need these to keep our files current and our treasurer busy. We need the funds necessary to collect the 13 thousand and some odd signatures to obtain ballot status in the fall, and the funds to run a professional campaign in the fall to keep that status. In short, any contribution of time, energy or cash would be greatly appreciated.

GET OUT AND DO IT !

We are going to need the libertarians of this state to help all that they can in this petition drive. If you want to donate time or money, contact Tim at 317-525-9076. Or Dr. Risingmore at 317-639-6579.

Hopefully, the Petition Drive committee will be getting in touch with most of you. And when they ask what you're prepared to do, remember that the time and/or money that you give to this petition drive will go a long way toward making the Libertarian Party of Indiana a real force in the politics of this state. And someday soon, a force to be reckoned with by the powers that be here.

DEAR LIBBY, Readers Questions answered by Miss Liberty

Dear Libby, Recently while mailing a first class letter in my local post office, I chanced across a poster by the FDA warning against the dangers of Laetrile. Since Indiana has at least legalized the use of this substance, isn't this a little unethical of the Postal Service, and possibly illegal? Signed, Cyanide Susie

Dear Susie, Yes this is a highly unethical action on the part of the Post Office, but

(con'd)

what can you expect from the employees of a monopoly? When they get a captive audience, they'll try to indoctrinate it. As to it legality, I doubt that it's illegal. After all, they're just taxing people to support ideas those people may or may not like, and government has always behaved like that. But I think you'll agree that it's time for a change, so that the State obeys laws & doesn't just enforce them on unwilling citizens. Ms. Liberty PS. Try putting up a pro-piss poster and see what happens.
