I have contacted many individuals in other counties to see what type of events we can attend and influence. I've met with a community leader for small business about potentially working with small business owners who have been affected by unjust anti vaping and anti-tobacco laws. Wounded Knee Creek on the Pine Ridge Indian Reservation in South Dakota were murdered by federal agents & members of the 7th Cavalry who had come to confiscate their weapons "for their own safety and protection". The slaughter began after the majority of the Sioux had peacefully turned in their firearms. The Cavalry began shooting, and managed to wipe out the entire camp. 200 of the 297 victims were women and children.

Wounded Knee was among the first federally backed gun confiscation attempts in United States history. It ended in the senseless murder of 297 people.
