Hello Friends,

You likely received a recent email from former LPMI chair Mr. Gelineau asking, "Is it time to burn it all down?" Let me be clear about the answer: NO. Literally thousands of people gave their very sweat, money, and tears to create this party and none of us have that right to "burn it all down." It's eye opening that the email started by asking for donations to fund a lawsuit that could possibly do just that. We do have the obligation to follow the rules and processes agreed upon by those same people even when the results are not what we desire. We must "live to fight another day" and the legal issues are entirely caused by a group that refuse to do that.

The members of the Libertarian Party of Michigan continually work hard to build something to be proud of and this summer has been no different. The August newsletter <http://old.michiganlp.org/wp-content/uploads/2023/08/202307-08vol.53.7-8.pdf> goes into far more depth, but in summary the party has been:

- Building coalitions on issues that Libertarians value such as gun rights and ending war.
- Talking to voters in our communities about Libertarian values at festivals, fairs, and parades.
- Actively recruiting candidates for 2024.
- Pushing Anti-War legislation in Lansing.
- Generating new literature for tabled events.
- Community Cleanups.
- Spreading Liberty through Media.

I write not to ask for monetary donations but to help Libertarians throughout Michigan fight the state for freedom by joining us at a tabled event, a local affiliate meeting, on the campaign trail, or by joining the state and national party.

We are stronger together and a rejection of the National Libertarian Party would damage our efforts. At the 2024 National Libertarian Party convention, the candidate for the President of the United States of America will be chosen and the number of delegates sent from Michigan is based on National Party members in Michigan. You can join or donate to Michigan and National here <https://michiganlp.org/contribute/membership/> and here <https://my.lp.org/contribute/join/>

Please feel free to reach out to me about your upcoming campaign or your ideas to help grow the LPMI.
