Dear Libertarian Party Judicial Committee:

I am writing to provide supporting documentation regarding the collaboration between the Libertarian Party and the Kennedy Campaign, specifically as it pertains to our discussions about a joint fundraising agreement.

My initial conversations began in early May, when Hector Roos contacted me to outline a potential opportunity for collaboration between the Kennedy campaign and the Libertarian Party. Hector was a lead on behalf of the Libertarian's for Kennedy. Hector's initial suggestion was for Kennedy to participate in the Washington, D.C. event and to consider the possibility of a presidential run. This discussion later evolved into a proposal for a joint fundraising effort, which Hector subsequently provided a draft outline.

Further discussions took place with Hector and his associate, Steve French, on May 21, June 15, and June 26. On June 15, I was introduced to others including Christopher Thrasher, with whom I had subsequent discussions about identifying states that might be interested in supporting Bobby Kennedy and or a joint fundraising agreement. I was the lead person pursuing this effort on behalf of the Kennedy campaign as a volunteer.

Notably, Lessing Stern, who has been instrumental in supporting Kennedy campaign efforts, he even made a significant contribution of \$15,000 to the Libertarian Party in early May, underscoring the interest in supporting efforts for Bobby to be involved at Washington DC event. The first meeting I arranged with the LP and the Kennedy campaign with Angela to discuss the idea of the JFC was on July 9th, 2024

It is important to clarify that the initiation of this arrangement was prompted by third-party discussions and was not presented to Angela until July. At no point did I perceive that Angela was pushing for or strategizing around this collaboration for her benefit.

Please let me know if you require any further details or additional documentation to support this communication.

Best regards,

Glenn Rink
