Vol:1 No.4 October 1975

Editor: Steven J. Schneider

### LOOKING TOWARD '76

Now is the time to start planning for the 1976 elections. In March the State holds its annual convention. I'd like to see Nassau County go into that convention with a campaign already in the works and be able to solicit money and people for their candidates.

Start looking now for people willing to run. Decide now which districts will be the targets. Once you have the CD, AD or whatever picked out, study it carefully. What was the vote last time around. Where is the heaviest pedestrian traffic for petitioning. What groups operate within the area.

What are the major issues concerning the residents of the area. Etc.

I think our best bet right now is the Wantagh-Levittown-East Meadow area. A majority of our members come from that area. The people of the area are reasonably active.

There are already politically active independent groups in existence there. We also have a sympathetic press waiting for some newsworthy libertarian activities. 1976 is going to be a big year for libertarian candidates. Let's get organized. We are the only alternative the voters have to what they've got now.

"Your opponent is taking a clear stand on all the important issues, Senator . . . He'll never win an election like that!" (Newsday)

### A PHOENIX IN NASSAU

The October meeting of the Nassau Libertarian Club saw the reorganization of the club. Elections were finally held, clearing the way for future activity. The officers are: Chair-Paul DeSantis, Vice- Robert Banow, Sec'y- Phil Machmer, Treas.& County Rep.-Steve Schneider.

We acquired two new members this month, Eric Maillet of Jericho and Diane Annucci of Hicksville. Eric and Tom Ballou are heading up a campus organizing committee. The state party has printed a campus organizing manual and we acquired some new literature from the national LP. Hopefully by the beginning of the spring term we will be ready to hit the college circuit.

Also at the meeting we endorsed none-of-the-above for all county offices and sent out a press release to that effect to all weekly papers in Nassau. Thanks go to Steve and Diane for folding, stamping, sealing and mailing. (Enclosed with this newsletter is a copy of the release)

The next meeting of the NLC will be on Friday, Nov. 14, 8:00, at Steve Schneider's, 405 Oakland Ave. Cedarhurst. To get there take the Southern State Pkwy to exit 19 (Peninsula Blvd. south). Stay on Peninsula (about 15 minutes) to Oakland Ave. in Cedarhurst. There is an Animal hospital and Mobil station on the corner. Turn left onto Oakland and go up four blocks to 405. The house is on the rightside. If your closer in, take Sunrise Hwy. to Peninsula, turn left, etc.

The Nlc is active again. The more people we have the more we can do. Come to the next meeting. Bring your ideas, and a friend. See you then.
