Caryn Ann,

Love is in the air – and what better way to show your love for liberty than by [supporting our Candidate Support Fund](#)?

While national elections grab the headlines, it's often at the local level where Libertarians can have the most significant impact. Our candidates are running for seats on school boards, local councils, and county commissions – positions where they can directly influence the policies that impact your daily life.

Imagine a world where:

- **Local nullification ordinances** protect you from overreaching federal and state laws that violate your individual liberties.
- **Reduced regulations** unleash the power of free markets to create jobs and prosperity in your community.
- **Educational Freedom** empowers parents to choose the education that best suits their children's needs.
- **Lower taxes** leave more money in your pocket to spend on the things that matter most to you.

This vision of a freer, more prosperous society starts with electing strong Libertarian candidates at the local level. **But they can't do it without your help.**

[With your contribution to the Candidate Support Fund](#), you'll be showing our candidates some much-needed love this Valentine's Day. Your donation will help us:

- **Provide expert training** that institutionalizes winning knowledge and strategies in our party for current and future candidates
- **Offer cutting edge tools** like Voter Gravity and website templates to Libertarian candidates across the country
- **Recruit the next local Libertarians** who will build on our current work and take our grassroots movement to the next level
