

AMICUS TO THE NATIONAL LIBERTARIAN PARTY JUDICIAL COMMITTEE (JC)

RE: SUSPENSION OF LNC SECRETARY CARYN ANN HARLOS

IN FAVOR OF PETITIONER BY SEAN VADNEY

Esteemed members of the Judicial Committee:

I am a young Libertarian voter in Colorado. I serve as the Vice-Chair of a county affiliate and was its immediately previous Chair. I was shocked and appalled to see the flagrant violation of my rights and those of every member of the LPCO by our Board. To then see the Libertarian National Committee Chair/Committee support these actions in word and deed was beyond belief. The final straw is the open persecution of my fellow Coloradan, the LNC Secretary, by this same body for merely following Colorado law and her duty. The rest of the allegations are window-dressing, and we all know it. The National Chair didn't get her way, and she doesn't like it. I don't always get my way on my Board. This is an embarrassment to our Bylaws, which is the contract between the Party/LNC and its membership.

I am sure you have seen enough of long arguments, and pictures are worth a thousand words. The National Bylaws 14.4 require that the LNC give its full support to the candidates that the delegates chose at national convention. I spent money and time to go there and proudly supported Chase Oliver. I know that Ms. Harlos did not, but she did her duty which is a pillar of Libertarianism.

Attached are two pictures. Who is fulfilling their duty of support and who is not?

With respect,
Sean Vadney
