IV. Future Items

A. Website

- **Website store.** There has been discussion about creating an online store for LPNY-related merchandise. I asked National to learn what other states have done, and they said states generally have not been successful in this regard and instead choose to have membership levels and offer SWAG such as t-shirts and bumper stickers. Creating a store is still an option, if we want to pursue this.

B. Facebook

- **Streamlining and Support.** This will involve providing resources to chapters to help them better manage their Facebook pages, whether it is looking at statistics, working to gain likes and followers, or help with settings (such as URL) and graphics.
- **Hootsuite.** This is a social media manager. One possible use would be to have multiple Facebook pages, for example, unreached counties, in which State News can be sent to those county pages and we can receive messages from people interested in getting involved locally in those chapters. There is a cost, but we can research additional options.
- **Ad Campaigns.** The Communications Division will look into using Facebook ad campaigns for outreach and fundraising. Research shall be conducted to increase effectiveness.

C. How-To Guides

- **Videoconferencing.** I plan to set up a step-by-step guide for divisions, committees, and chapters to take advantage of the technology of videoconferencing to conduct meetings. I tested this out with my chapter and the advantages for use by other chapters are plenty.
- **LP Mail Accounts.** I plan to also set up a step-by-step guide for setting up your LP Mail account on different platforms (e-mail applications, mobile devices, etc.).

D. Paper Newsletter

- **Paper newsletter.** For members without e-mail addresses, we can explore getting news to them that we post on the blog and Facebook page, possibly in the form of a paper newsletter, much like Free New York was conducted years ago, except in an updated, modern format.
