Video of Attempted Dissolution

Fellow Libertarians,

I'm happy to say that with much effort from a lot of dedicated people we were able to recover the recording of the video of the events from the evening of September 11, 2022. This video clearly shows the callous disregard of the rights of the members of the Libertarian Party of Virginia by some bad actors and the heroic defense of it by others during the State Central Committee meeting that night.

It saddens, disappoints, and angers me that several people let their petty pursuit of personal ambitions get in the way of achieving liberty in our lifetime. They trampled the hard work that people put into the Libertarian Party of Virginia over the decades of its existence to cover their own incompetence and to start a personal pet project.

These people were elected to lead the Libertarian Party of Virginia for the members of the party. They weren't the owners of this party; they didn't have special rights or privileges bestowed upon them to make decisions reserved solely for the members of the party. They had a duty to bring liberty to Virginia

but they were failing. Instead of doing the right thing and working harder and being courageous, they took the most cowardly way out they could find and attempted to dissolve the party. In their rush to destroy the Libertarian Party, they trampled your rights under their feet. I'm sure there are a lot of feelings swirling around in the membership right now for these seven people but I simply have one of pity for them.

Despite the efforts of a few to try to disrupt the Libertarian Party of Virginia, we are moving forward. The members of this party care deeply about liberty and we will do everything we can to make it happen in our lifetimes. I hope to see everyone at the convention on December 3, 2022 in Ruther Glen, VA. If you haven't signed the petition yet or if you want to find out more information on the convention, please go [here](#).

The video is available for viewing on the Libertarian Party of Virginia's YouTube channel [here](#) and the draft minutes of the meeting is viewable [here](#) for a brief summary of the events.

Yours in Liberty,
